About the Institution and the Department

Muslim Arts College aims at giving standard education which develops the total personality of the students so that they become worthy citizens of the country with religious tolerance, love and affection towards their brethren. The college is a benefaction under the society, known as Muslim Educational Society, Kanyakumari District at Thiruvithancode. The Muslim Educational Society was founded in 1981 with a laudable aim of fulfilling a long-felt need of minority Muslim Community of the Kanyakumari District to establish Arts and Science College of their own. So the college was founded at Madhavalayalam in 1982 after seeking permission from the Government. The University granted affiliation in 1984. Then the college was shifted from Madavalayam to Thiruvithancode in a large beautiful existing Jalal Building.

Department of Zoology established in 1984, and offered only U.G. Courses. The P.G. Courses were started in 2000 and recognized as Research centre from 2007-2008. It plays a vital role in imparting incredible aspects of basic principles in Science. The department has well equipped laboratories, Museum, Library, Internet facilities and fully qualified staff members to cater the needs of students and scholars.

About the Seminar

India has emerged as one of the leading countries in the field of biological research. To fulfil its aspirations, India's greatest challenge will be in educating, recruiting, and supporting its next generation scientists, academicians, policy makers and students in the field of biological sciences. The goal of this conference is to provide a common platform for researchers, academicians, and students to share their knowledge about the recent developments in the field of biological sciences and its future prospects. The organizers would be pleased to host a wide range of researchers from various disciplines of biological sciences across the country.
