LRF KANYAKUMARI

Lemuria Research Forum is a research oriented platform, which deals mainly with the archeological excavation and submerged land in the Indian Ocean, south of India. It traces the origin of first races, their inheritance and mysterious forces of the universe; especially in the lithosphere and hydrosphere. It also focuses on Scientific Research, Geographical Research, Archaeological Research and Historical Research, which lead to Universal Understanding. This forum motivates the research scholars to disseminate light on the hidden facets of mysterious lands, archeological excavations, origin of races, vegetations, animals, life style of human, contacts and so on. Lemuria is the Cradle of the human race and the Garden of Eden. Many poems, research findings, geographical features and Archaeological Excavation have witnessed the submerged lands and new excavations.

MUSLIM ARTS COLLEGE

Muslim Arts College was started in 1982 by the Muslim Educational Society (MES) and recognised by Madurai Kamaraj University. Later in 1990 the College was affiliated to Manonmaniam Sundaram University. This Institution has 35 U.G & P.G courses, 8 M.Phil courses and 7 Research departments. This college is situated near the high way of Trivandrum - Kanyakumari at Azhagamandapam. As a new paradigm, Lemuria Research Forum – Kanyakumari is started aiming to promote the research scholars not only to this college but also in and out of India. It is truly another milestone of our college in the quality

development and research programme of the institution

OBJECTIVES:

- To organize conferences, seminars, committees, discussions and debates constructively about the archeological excavations submerged land Lemuria and informing the Government and other Forums.
- To promote research among the student community about the missing continent and the changes occur in the ocean and the surface of the land
- To understand the Historical, Geographical, Zoological, Geological, Climatological changes, archeological excavations and events of the past to shape the future generation.
- To predict the natural disasters and communicate the same to the common people and suggest preventive and adoptive measures to stay safe.
