Preface

Civil Services are an inevitable ingredient of government apparatus in the modern democratic polity. They are responsible for carrying on the administration under the direction and control of elected representatives of the people according with the constitution.

Indian Civil Service or Indian Bureaucracy has been one of the most well known in the world. Civil service was first used for the employees of the East India Company. It was called as the Imperial Civil Services (ICS) and later it was called the Indian Civil Services (ICS). In 1946, two All India Services, the Indian Administrative Service (IAS) and the Indian Police Service were created by the British. Then our Constitution provided an independent Public Service Commission both in the Union and the States. Now it is functioning in a proper manner in India.

In this book, I have mentioned the origin, developments, UPSC, SPSC, functions syllabus for civil services for the use of the Public Administration students.

I whole heartedly thank the Secretary Lion. Dr.H.Mohammed Ali, Joint Secretary M. Mohamed Afzal Fayas, the Principal Dr.G.Edwin Sheela, the Management, the Staff and the Students of Muslim Arts College, for their encouragement to do this work.

Above all, I thank the Lord Almighty for the health, knowledge and guidance for writing this work.

Dr.C.AMOSE.
