Venue: Department of Chemistry

STALL

- Kilangu & Chicken
- Payasam, Snacks
- Bajji, Cutlet, Samosa
- Pale Puri

REPORT ON WORKSHOP
ORGANISED BY DEPARTMENT OF CHEMISTRY

GIMPERD-WIN 2K23

A Workshop was conducted by our department of Chemistry named as "GIMPERD WIN 2K23" on 6th October at 10.00am .in our college at the chemistry Laboratory.

The main concept of this workshop is to make student understand the importance of chemistry in our day today life. As chemistry is a part of our life there are many chemistry related products and experiments. We are use experience in our daily basis life and to know more about them. We made some experiments and some products in our laboratory such as Washing Powder, Washing Liquid, candles, soaps. Eucalyptus oil, moisturizers, Fabric softener, Dish wash powder etc. And some food related products such as chocolates, candies, jam, jelly etc....these are some of the products we made in our laboratory and showcased in our lab as displays to the students.

This workshop was started by a ribbon cutting done by our respected correspondent and our Principal. Followed by that more than 250 students from of different schools especially 9th. 10th, 11th, 12th students visited this workshop. And also students from several departments of our college visited the workshop.

The Students from our chemistry department have explained about the products and experiments neatly and clearly as how it was made, what was the procedure and what chemicals we used for the preparation.They explained in a way that even the school students can understand easily.And finally the event was ended at 3.30pm.

This workshop event was very useful for us in learning new things and in gaining knowledge not only for us.but also for the school students.

Then I would like to thank my head of the department and other faculty members for organizing this workshop and conducting this event in a special manner.and also a special thanks to the principal for giving us permission to conduct this event.

Thanking You

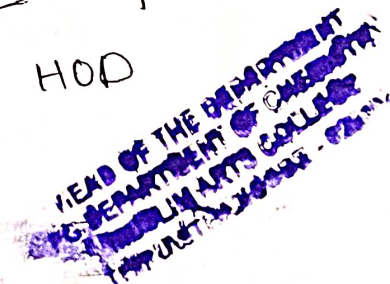

Yours Faithfully
